

GIVING TO ST JOHN'S LEICESTER

Growing Disciples. Building a Network. Changing a City.

We are extended family on mission where everybody belongs, and everybody contributes. Part of your contribution to the life of St John's is financial giving.

GIVING TO ST JOHNS

God has given St John's the mandate to grow disciples, build a network, and change a city. This is a huge and exciting invitation from God to see transformation in our community, by Him working through us and with us – using our resources in time, talents, hospitality, spiritual gifts, and finance.

Part of us responding to this invitation from God, and giving Him our "yes," is to give financially. Responding in this way enables the vision we have as St John's to become reality.

As you read about St John's financial position and future need, please prayerfully consider what this means for you, and what you can give to help make our God-given vision produce fruit in the coming year.

It is your giving that makes our God-given vision possible, and your giving that enables us as a church to change people's lives.

SJB YEARLY EXPENDITURE BREAKDOWN

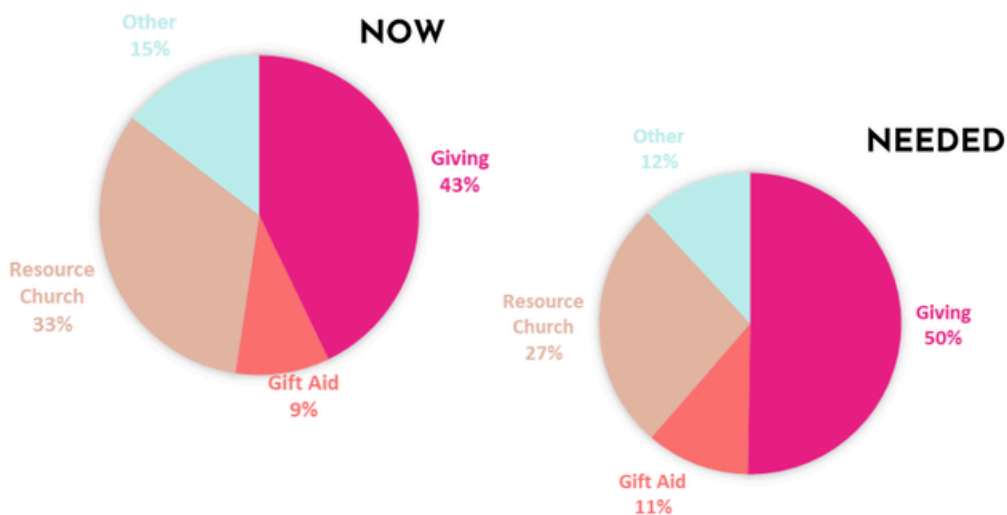

This graph shows how we spend our money, all of which is essential to enable the life of St John's.

OUR NEED

Monthly Summary	Now	Needed
Giving	£6,750	£9,750
Gift Aid	£1,500	£2,150
Resource Church	£5,200	£5,200
Other	£2,300	£2,300
Total	£15,750	£19,400

This table shows our current level of income and a direct comparison to the income needed over the next 6 months

In faith we have proceeded to invest in areas of ministry God has called us to. Partly this has been enabled by 'seed' money from resourcing church, but in order to sustain ministry going forward, we all must step up and our giving must increase. As you can see from the above we need **at least a £3,000/month increase in giving.**

Regular giving is the most helpful way to give, because this helps us to plan and budget effectively.

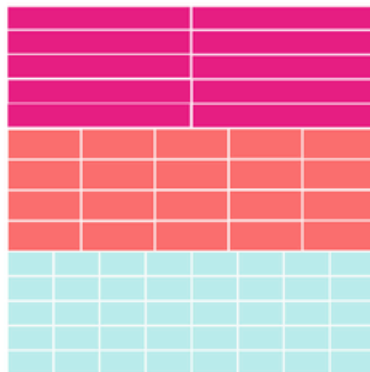

YOUR RESPONSE

We encourage you now to prayerfully consider what you can give or increase your monthly donations to.

If 10 people gave £100/month, we will have already increased our regular income by £1,000 per month.

If another 20 gave £50/month we will have reached a total of £2,000 per month.

If another 40 people increased their giving by £25/month, we will have reached our target of £3,000.
